

OM AH HUNG BENDZA GURU PEMA SIDDHI HUNG

Tashi Delick to you all my sangha family la,

I am in the process of buying this beautiful chorten for our Rinpoche's *thugjhachen tsum* (tongue, heart, eyes) along with many more important precious things we will keep in the stupa.

Please consider a donation to help purchase this beautiful piece which costs \$14,00,000/USD.

Height of chorten 5 ft 3 inches.

Anyone who can, please donate via the [YTDR website donate page](#) and receive a tax deduction or a non-tax deductible donation via an international wire bank transfer to Vladimir Zuzak at the Terton Foundation in Prague.

This beautiful chorten is available in Nepal and will be kept at our Mainpat gumpa and will bring much merit to all.

Thukjeche la,

Chorten or Stupa (མཚན་ཉན་དཀར་པོ།) is an important religious monument in Buddhism, symbolizing Buddha's presence. It also holds precious Buddhist relics and sometimes even preserved bodies of renowned lamas. Tibetans believe that performing Koras of the monument is an act of high merit.
